Addendum - Report Submissions

April 2026 DCM Report April 2026

This month I attended the Pre General Service Conference in Rockford and the monthly DCM zoom meeting. I also have been working with Elizabeth and Lori to get ready for the upcoming committee meeting on May 16th.

The pre GSC didn't have a large amount of input from the greater Area 20 membership. Some topics were simply read off and others had deeper discussion. One of the items that was explained was the difference between a "review" and "consideration" A review item is an action that will be discussed in committee and floor. A consideration item is one that will be discussed and then voted on. CPC discussion was centered on the availability of workbooks and kits as well as videos available on AA.org. These are a valuable tool for all CPC committees. PI discussion was based on getting the word out about the AA podcast and Grapevine YouTube. I worked with Katie to get those links up on our District website. Check them out and subscribe. These resources need our support and cost nothing.

The biggest point of discussion was the idea of creating a 12 step workbook that is conference approved. There are many other options out there but nothing that AAWS has ever printed. The obvious point of contention was the cost of producing such material. Many people spoke up that money shouldn't be an issue if we are service the alcoholic that still suffers. I learned that only AAWS material is allowed into jails, so this could be a good outlet for the incarcerated alcoholic. Much of the counter feedback was around the workbook replacing a sponsor. I brought my opinion to the floor and advocated that if it helps someone struggling it would be a beneficial resource. We are not in charge of how someone gets sober, we just supply the tools and knowledge to help them on their journey.

Another good debate was about how to keep the grapevine magazine solvent. Based on previous surveys the Grapevine is an essential resource. Subscriptions are low though. One way to give a subscription is called Carry The Message. By donating a yearly or online subscription you can give a person without the means to purchase their own magazine. There was mostly opposition to directly taking funds from members.

On the monthly DCM zoom we had Kim (registrar) present the area roster. She made sure we are aware that the group change form is on the Area 20 website. This is a good reminder that an active meeting list and GSR list is important for GSO to get communications out and survey as needed. If anyone comes across a meeting that is no longer being attended, please let me know so we can remove it from the list. We don't want new members showing up to an empty meeting.

Web Admin Activity Report, April 29, 2026

- Added Grapevine & LaVina page (buttons to GSO pages).
- Updated Printable Meeting Schedule (April).
- Updated Events page (added/removed items).
- Updated District Meeting page (agenda added; prior minutes posted for approval).
- Adding caching plugin to help speed up performance
- We have not been migrated from Windows Hosting to Wordpress hosting, yet (by GoDaddy's schedule)
- Will look into file compression to help speed up site performance
- Page loads are slow due to shared server space with other sites which may utilize resources more, making requests for our page laggy
- The fix for shared server space is to upgrade our hosting service (or change hosts). I don't think we are there yet.

- Purchased District 61 Zoom Pro (annual) for **\$169.90**; setup in progress.
 - Ready after security level is finalized (target: **5/1/26**).
 - Uses: committees, trainings, district meetings.
 - Up to 30 hours; no simultaneous meetings (Business plan required).
 - Meetings scheduled through District Web Admins.

Zoom Security Choices

Waiting Room Only (No Registration) — Benefits

- **Fast for attendees:** Click the link and wait (no form).
- **Good for internal/known groups:** Works well when the invite is controlled.
- **Real-time screening:** Host admits/denies from the Waiting Room.
- **Less support:** Avoids missing registration email/link issues.

Require Registration First (Optional Waiting Room) — Benefits

- **Tighter access control:** Only registrants receive join details.
- **Identity/traceability:** Captures name/email (and any custom questions).
- **Tracking & follow-up:** Registrant list for reminders and reporting.
- **Optional approval:** Host can approve registrations.

Practical Guidance

- **Waiting Room only:** Best for internal meetings needing speed + screening.
- **Registration + Waiting Room:** Best for external events needing records + tighter access.
